

ON THE EMPLOYER'S LETTER HEAD

Letter of Recommendation

It gives me great pleasure to speak about the potential of Miss. Smira Saxena for the MS/MBA program at your university. In my capacity as CEO for Retort Soft Pvt. Ltd my observations of Miss. Smira comes through my close interaction with her. She is a team player, a go-getter who with a high degree of motivation, innovation and initiative can achieve and accomplish her goals. An enthusiast, a doctinaire always eager to learn new things and to meet the challenges of the ever-changing technology.

Smira was given the entire responsibility of handling a project work where she completed a greeting card section of the portal <http://www.kerala.com> using JSP, Javascript, DHTML with Macro-media Dream weaver 4 as the HTML editor. She handled this project efficiently and was greatly appreciated in the company. Her creativity original and independent thinking curiosity and urge to learn new things made her gain a lot of recognition from all the managers.

I found her as one of the best hired by the company and I am sure that she will be a very serious and enthusiastic student. Her performance as a professional and as an excellent human being prompts me to strongly recommend this young lady for admission to the MS/MBA programme of your University with all the necessary financial assistantship.

I wish her all the very best in career.
